

# Small Business Express

Brighten your bottom line

Our Small Business Express Program brightens the outlook for your business through help for efficiency upgrades.

**“Sixty-eight percent of adults like to do business with companies that are environmentally responsible.”**

– “Does Green Pay Off?” A study by Co-Star and Burnham-Moores Center for Real Estate

## Up to 80% for efficiency upgrades

For small businesses with annual usage of less than 200,000 kWh or 100 kW, AEP Ohio may help fund up to 80% of your project cost to replace inefficient lighting or make efficiency improvements to existing refrigeration equipment.

## Free energy assessment, interest-free financing

Our free energy assessment provides you with a list of recommended energy saving improvements, plus a proposal listing the total project cost and estimated annual energy savings. And, there’s interest-free 12-month financing available for qualifying businesses.
