

# Efficient Products For Business

For incentives beyond the design stage

Thousands of businesses and organizations have taken advantage of our Efficient Products For Business Program incentives to help fund efficiency upgrades in existing buildings.

**“By simply replacing your lighting with energy-efficient products and controls, you can reduce business’ energy consumption up to 50%.”**

– U.S Department of Energy

### Incentive menu categories

- Heating and cooling (HVAC)
- Lighting
- Motors and drives
- Refrigeration
- Miscellaneous food preparation & storage equipment

### A menu of generous efficiency incentives

You can choose from a variety of HVAC, lighting, motor and drive, refrigeration and food preparation incentive options from our Efficient Products For Business Program menu. Each incentive is based on a fixed cost-per installed unit

and may cover up to 50% of a project’s cost.

### Free expertise, support and savings projections

If you need assistance with choosing products or installation, we’ll walk you through the entire process and help with savings projections. All at no charge.
