

An **AEP** Company

# High Efficiency for Low-income Program Authorized Contractors

The companies identified below are contractors authorized by AEP Ohio to carry out in-home assessments and installations associated with the High Efficiency for Low-income Program (HELP). We recommend working with one of these contractors on any improvements identified through the HELP Program. If you reside outside of the counties listed below, please call 888.642.9363 for further assistance.
